Thousand year old codes & strange characters lead the trail to a priceless historical artefact

In our Da Vinci Code Treasure Hunt teams find themselves in the employ of a wealthy private individual who needs their help to recover a priceless historical artefact which has been stolen by a rival; Cardinal Sin.

Venue: Indoor or Outdoor

Min/Max: 10-30

The entire event will take place in the middle of your selected city / town and knowing the area may not be enough to help you! Teams will need to meet with strange characters and retrieve items if they are to recover the treasure.

Other tasks include taking surveillance photographs and cracking 1,000 year old codes to find a way to progress and recover the missing artefact. This format is an interesting and unusual slant on a traditional foot-based

treasure hunt and is guaranteed to be both challenging and highly entertaining. Although great fun the Da Vinci treasure hunt has a very strong team building element. Only those teams that plan, communicate clearly and then delegate the working load will win the day.
