

THE GAME:

After a terrible plane crash, participants find themselves lost in a desert island. To survive they will have to face numerous challenges.

Teams will be divided into groups of 10 and each one will look to survive by gaining points with each achievement! The team with the greatest number of points wins in the end.

This game/training can be personalized depending on your objectives: cooperation, resource management, planning.

HOW WOULD YOU BUILD YOUR SURVIVAL BOAT?

Physical Activity

Outdoors

BENEFITS:

- Teamwork
- Problem solution
- Budget management
- Integration
- Creativity!

DURATION:

2 -3 hrs

PARTICIPANTS:

15 - 800

REQUIREMENTS:

Audio system for groups with more than 30 participants

WE RECOMMEND IMPLEMENTATION IN:

- Pool
- Seaside with low wave intensity
- Lakes

INCLUDES:

- All materials needed for activity
- Experienced Facilitator & Staff

FIRE: Each team will have to build a fire using only a magnifying glass. To prove it, they will have to cook! The first team to pop a popcorn kernel wins!

HUNTING: Each team will have to use a slingshot to target shoot at a challenging distance!

NAVIGATE: Each team will build a raft using cardboard, plastic, floating devices and a lot of tape. Once they have built them, the race begins! There will be awards for the most original, the fastest or most resistant vessel!
